

Individuality *perfected.*

Filiberto Rodriguez, MD, FAACS
"Helping me realize
the next exciting
chapter of my life."

"When I first started my journey to look for a cosmetic surgeon, I searched for someone who was professional, highly educated, credentialed and experienced in the cosmetic surgery practice. I also wanted a doctor with an excellent chair-side manner. When I met with Dr. Filiberto Rodriguez, he fulfilled all of my search criteria and more. He is not only licensed as a cosmetic surgeon, he is also trained as a cardio-vascular surgeon.

"His colleagues and associates are professional, utilize best practices, and make customer service a number one priority. From the time you have your first consultation you feel valued as a patient and are treated like royalty. And that sentiment resonates throughout the entire treatment process. In addition, his facility has a 'one-stop shopping' aspect where you may receive pre-procedure consultations, cosmetic surgery procedures, post-op follow-ups, which may also include med-spa services, to enhance your surgical results.

"If you are looking for a professional, qualified cosmetic surgeon who values his patients care and treatment, schedule a consultation with Dr. Filiberto Rodriguez. He will assist you in creating a treatment plan to help you realize the next exciting chapter of your life, as he did mine"

Katrina Silverstein - Houston, Texas

Actual patient,
Katrina Silverstein

Filiberto Rodriguez, MD, FAACS

"I became a cosmetic surgeon because I love beauty and I am moved by the results of my patients. Each time I operate a person is being transformed to achieve their look, their individuality. This is very rewarding to me."
